

## Sparkling Blanc de Noirs Returns!

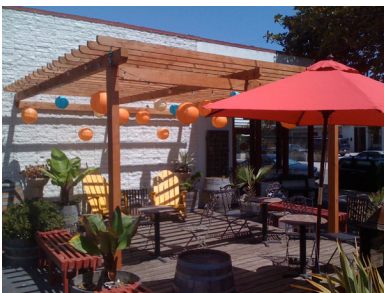

Just in time for the heat of summer is the return of the award-winning Oreana Blanc de Noirs sparkling wine. This wine is made from the Pinot Noir grape, grown in the cool climate of Monterey County, then using the time-honored (and time consuming) Methode Champenoise the copper-colored wine is turned into a bubbly delight. The Wine Spectator rated the wine 89 Points and described “bright cherry, currant and wild berry flavors...”

We only produce 84 cases per year of this wine, mainly for restaurants in Santa Barbara and New York. To order yours, visit the **newly re-vamped** Oreana website at [www.oreanawinery.com](http://www.oreanawinery.com).

## Weekend Winedown!

Three months ago we thought “pergola” was a dirty word. Now that we sit under the shade of our own pergola sippin’ cold white wine in the shade of the heat, we think that its a pretty nice word.

The outdoor patio at the winery has been improved and covered and young flowering vines are beginning to creep up the sides of the posts. Every weekend during the summer we invite local musicians to play live music in the afternoons. Stop by and figure out your own definition of the word...

## Host Your Next Event in the Cellar

The cellar is available for private rental as long as we’re not busy making wine. Corporate retreats, birthday parties, family reunions and wedding receptions can all be accommodated in our funky, urban industrial setting. We can handle up to 200 people for a cocktail-like reception or 45 for a seated dinner.

One of our most popular concepts is called a “Blending Party” where using actual barrel samples your become winemakers for a day. Groups are split into teams that compete to make the best wine possible. Everyone gets a complimentary bottle of wine to take home.
